

# CCMAC Member Survey Report

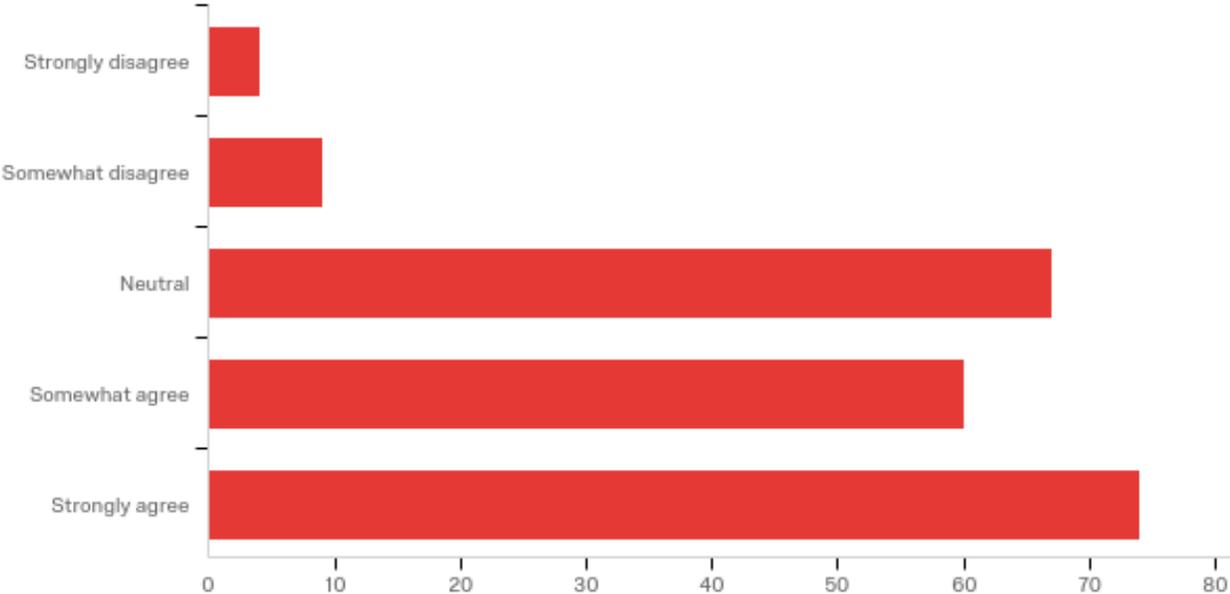

Summer 2017

## Q1 – I believe that pace of play is a significant problem at PJCC

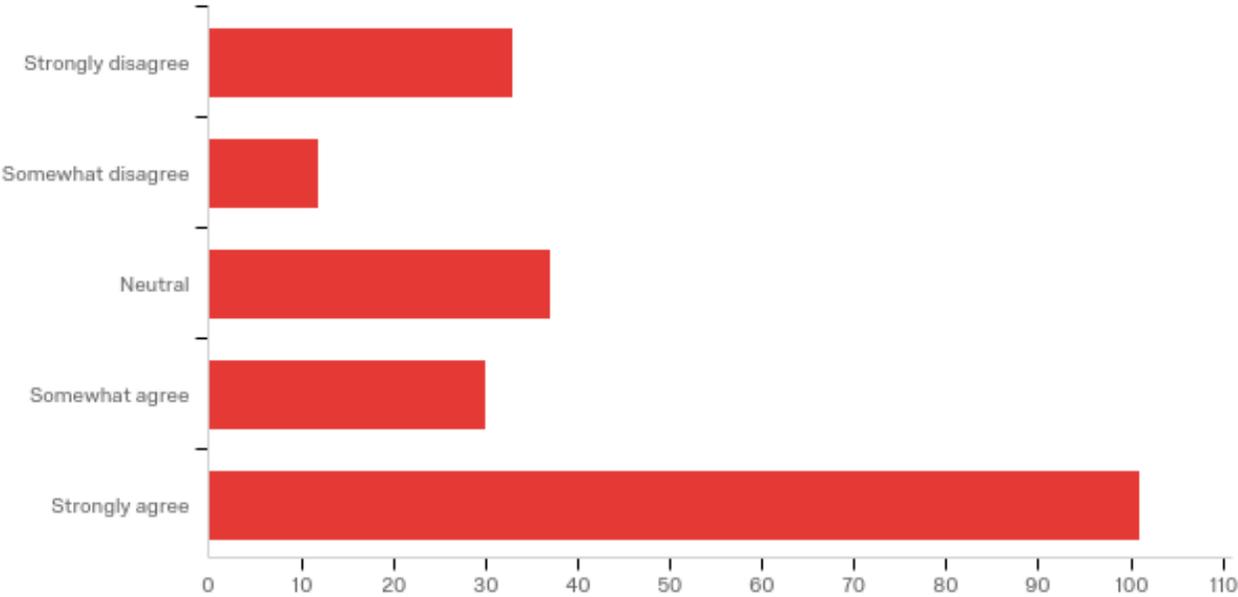

#	Answer	%	Count
1	Strongly disagree	9.43%	20
2	Somewhat disagree	23.11%	49
3	Neutral	32.08%	68
4	Somewhat agree	27.83%	59
5	Strongly agree	7.55%	16
	Total	100%	212

**Q2 - I would like to see the green speed consistently maintained at/above 9.5 (stimpmeter measurement)**

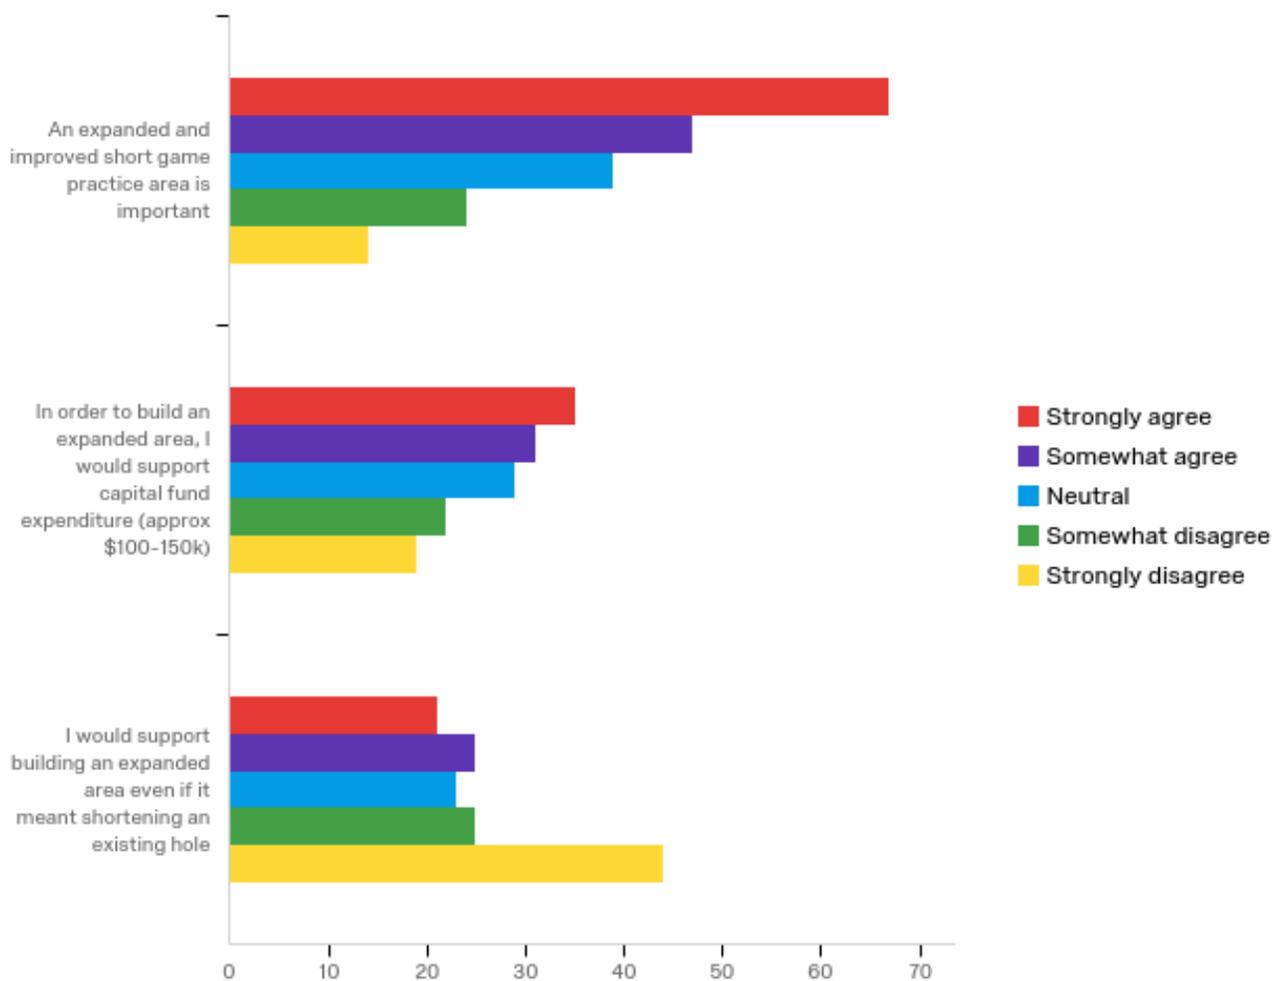

#	Answer	%	Count
1	Strongly disagree	1.87%	4
2	Somewhat disagree	4.21%	9
3	Neutral	31.31%	67
4	Somewhat agree	28.04%	60
5	Strongly agree	34.58%	74
	Total	100%	214

**Q3 - The option to walk the golf course while playing golf is important to me**

#	Answer	%	Count
1	Strongly disagree	15.49%	33
2	Somewhat disagree	5.63%	12
3	Neutral	17.37%	37
4	Somewhat agree	14.08%	30
5	Strongly agree	47.42%	101
	Total	100%	213

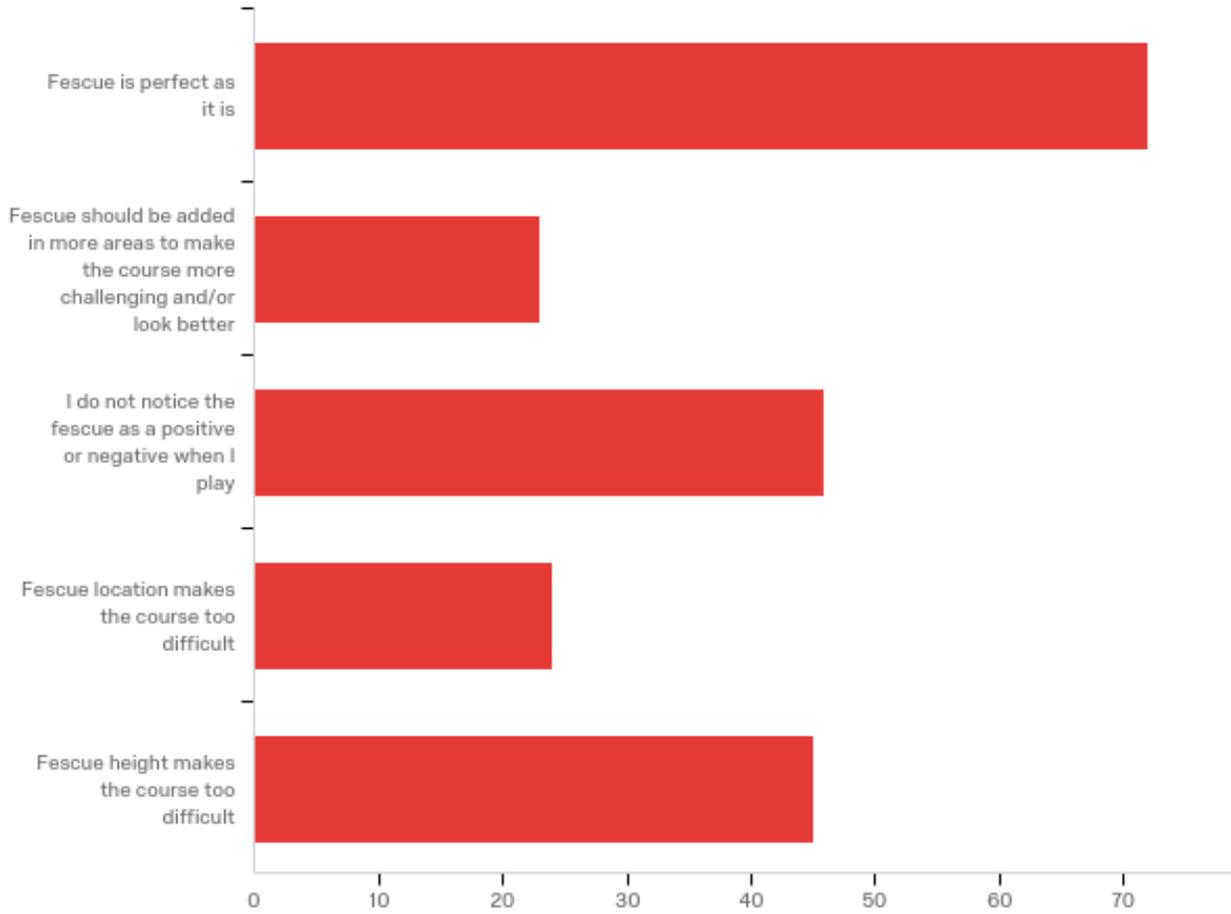

**Q4 - Please consider our current short game practice area when commenting on the following statements**

#	Question	An expanded and improved short game practice area is important	In order to build an expanded area, I would support capital fund expenditure (approx \$100-150k)	I would support building an expanded area even if it meant shortening an existing hole
1	Strongly agree	35.08% 67	25.74% 35	15.22% 21
2	Somewhat agree	24.61% 47	22.79% 31	18.12% 25
3	Neutral	20.42% 39	21.32% 29	16.67% 23
4	Somewhat disagree	12.57% 24	16.18% 22	18.12% 25
5	Strongly disagree	7.33% 14	13.97% 19	31.88% 44
	Total	Total 191	Total 136	Total 138

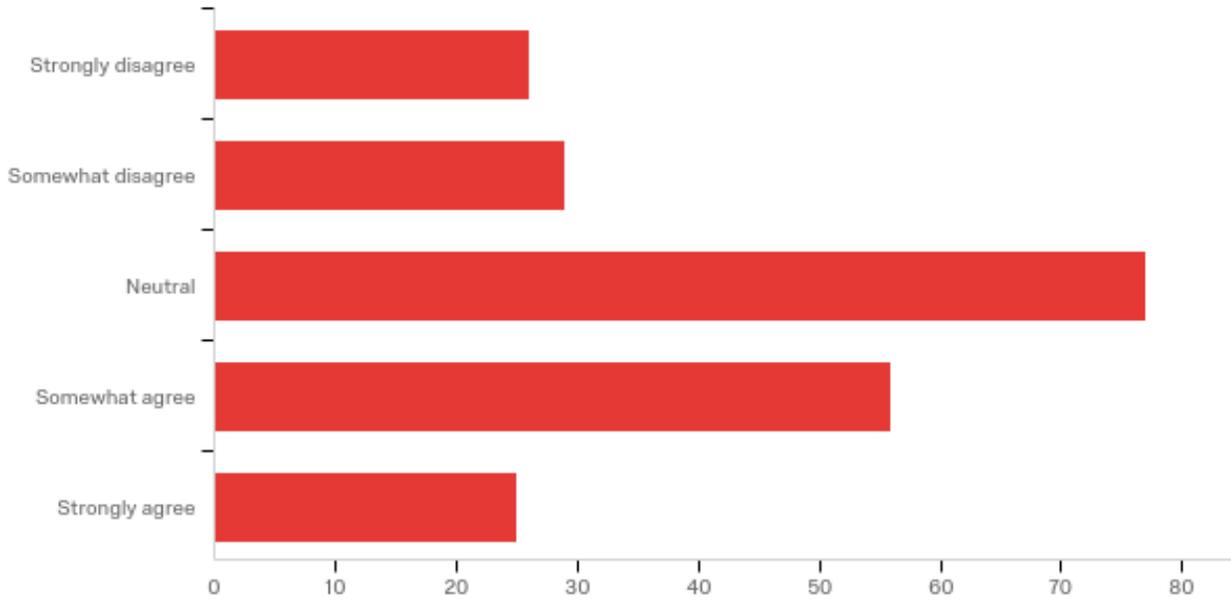

**Q5 - Please choose your current thought regarding the fescue throughout the course**

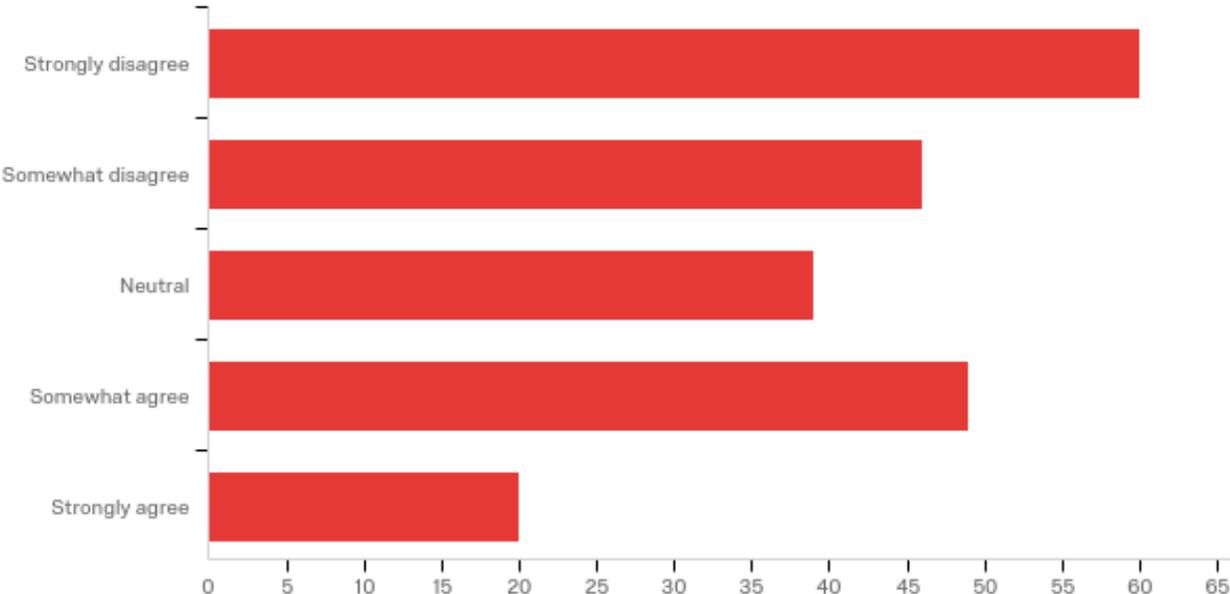

#	Answer	%	Count
1	Fescue is perfect as it is	34.29%	72
2	Fescue should be added in more areas to make the course more challenging and/or look better	10.95%	23
3	I do not notice the fescue as a positive or negative when I play	21.90%	46
4	Fescue location makes the course too difficult	11.43%	24
5	Fescue height makes the course too difficult	21.43%	45
	Total	100%	210

## Q6 - Entry and/or exit on the 17th green needs to be modified

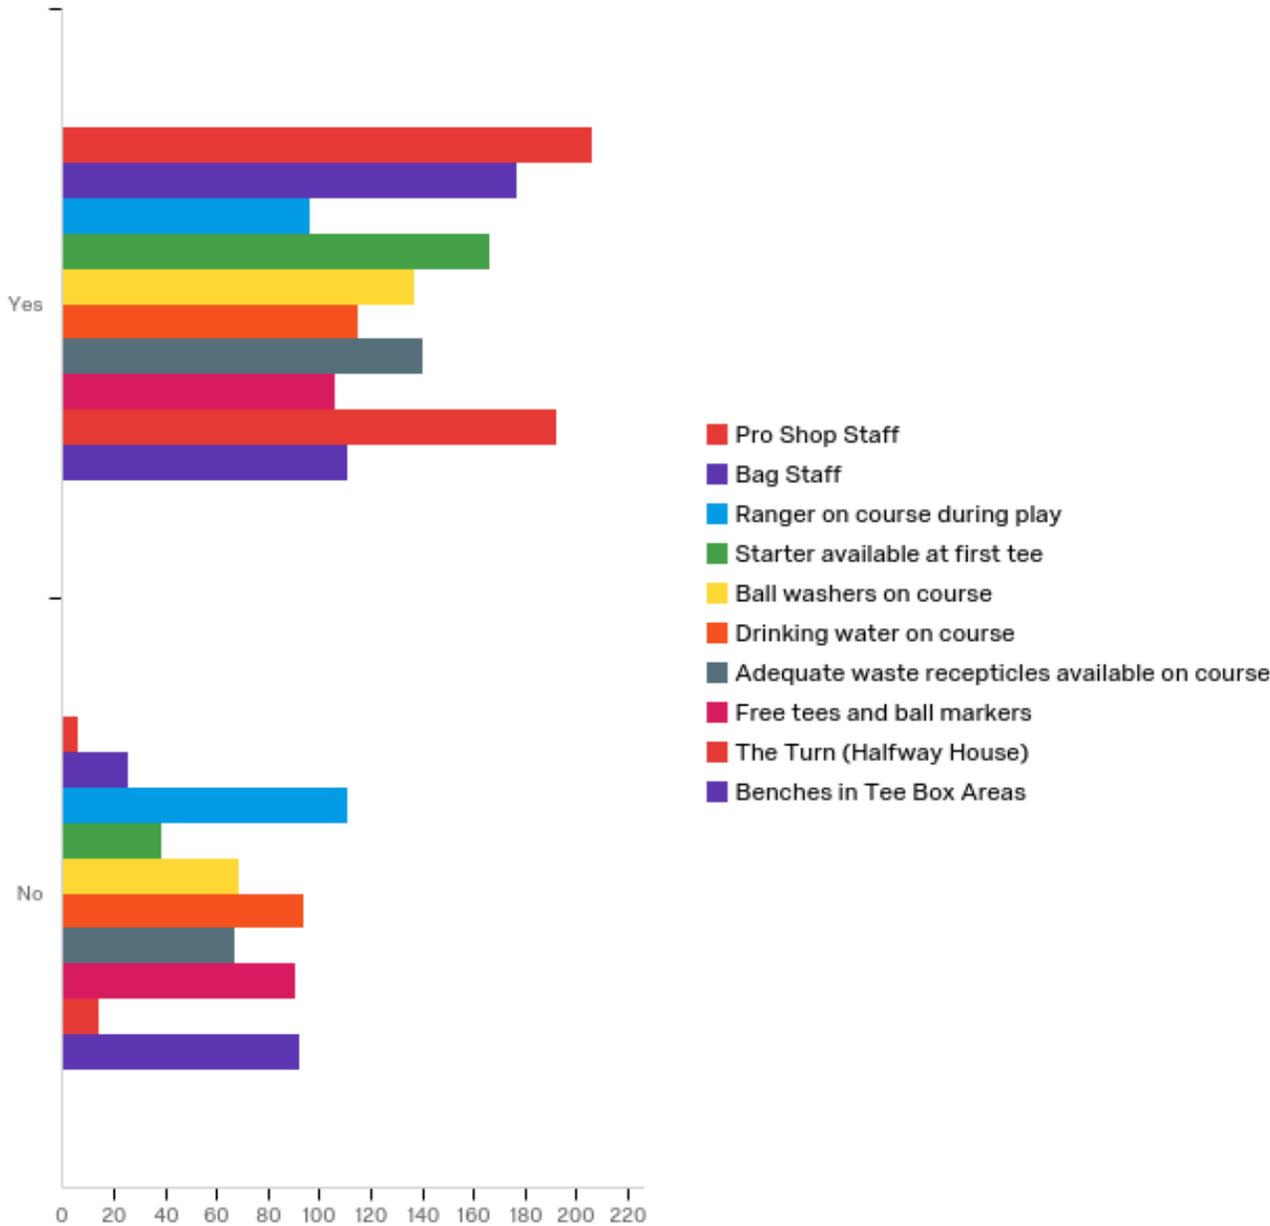

#	Answer	%	Count
1	Strongly disagree	12.21%	26
2	Somewhat disagree	13.62%	29
3	Neutral	36.15%	77
4	Somewhat agree	26.29%	56
5	Strongly agree	11.74%	25
	Total	100%	213

**Q7 - In order to continue maintaining and improving the conditions and amenities at Port Jefferson, I would support an increase in membership dues**

#	Answer	%	Count
1	Strongly disagree	28.04%	60
2	Somewhat disagree	21.50%	46
3	Neutral	18.22%	39
4	Somewhat agree	22.90%	49
5	Strongly agree	9.35%	20
	Total	100%	214

**Q8#1 - The following services and amenities are available at the appropriate levels for members (yes or no) - Please select Yes or No**

#	Question (highlighted answers indicate at least 75% chose Yes or No)	Yes	No
1	Pro Shop Staff	206	6
2	Bag Staff	177	26
3	Ranger on course during play	96	111
4	Starter available at first tee	166	39

5	Ball washers on course	137	69
6	Drinking water on course	115	94
7	Adequate waste receptacles available on course	140	67
9	Free tees and ball markers	106	91
11	The Turn (Halfway House)	192	14
10	Benches in Tee Box Areas	111	92

## Q9 - List up to 3 things that would improve your golfing experience at Port Jefferson Country Club

List up to 3 things that would improve your golfing experience at Port Jeff...

---

More frequent bag handlers; mowing not take place during ladies play and tournaments.

---

Short game practice area; Grass driving range; new mats and range balls

---

more trees, better landscaping ( flowers, shrubs etc,)), maybe water in front of #7 green, instead of trap

---

twosome's should not be allowed out on weekend am or singles!!!!!!!!!!!!!! more water available, cut reeds on 10 and 18th holes

---

Less outings More mandatory cart times Guest fees in off season

---

None

---

Getting rid of Bill Mackedon. Arrogant guy and difficult to deal with even with my teenage son.

---

1. Bag rack for hand-carry bags located closer to putting green/Turn, 2. Rangers to regulate pace of play

---

I can only play weekday mornings, and the start times are too late. I may not be able to continue my membership as a result, since I only can get a few holes in before work. Locker rooms are pitiful compared to other courses. No towels, no soap, not welcome there.

---

improvement to walk ways/ cart paths-asphalt

---

A ranger to move people along to minimize wait time

---

be able to split 18 holes, ie; am & pm pay one 18 hole fee. Too many special events,

---

No further advancement of fescue areas. More people to help with the bags. This year we seem to have to get our own bags on the carts. Then when we come in they clean our clubs, we tip them, and then when they pull our cars up they are nowhere to be found! Keep fescue as it is now after it has been cut. When it is tall fescue becomes a problem because of ticks

---

Redo the tee boxes to add additional set of tee's with more variation. More consistent sand in the bunkers. Better practice facility.

---

NATURAL GRASS RANGE, RANGE balls that are in better condition/not damaged, spraying of ticks

---

The "CART REQUIRED BEFORE 6" is crazy. The world is getting obese. We should do the opposite, require WALKING before 6.

---

Update distance markers. Make course tobacco free.

---

Better grass on d range/ colder water on course/

---

Grass driving range ( in lieu of mats) - either weekends or eekdays

---

Wider fairways , shorter rough, less fescue

---

Weekday members seem to lose a significant amount of playing time because of tournaments,maybe some kind of weekend play could be made available.

---

The islands entering and exiting the course on both ends need to be maintained. It looks horrible

---

I was able to play better.☹

starter all day, ranger all day to speed up play, cut down the high grass to speed up play!

---

ball mark repair on greens. designate a green to members to maintain by alphabetic or some other method. I repair at least three on every green and so should everyone including guests

---

No walkers till noon All year long Effective Ranger all week New mats for driving range

---

Better practice tees

---

More water stations with cups.

---

Starter needed most of the day . More access to the back nine . GPS correction since change in hole placement , can't get it to flip to the correct stating hole

---

1) More education (forced if necessary) for membership about golf course etiquette, such as fixing ball marks, replacing divots, fixing ball marks, pace of play, fixing ball marks, etc. 2) You can't run a membership program like it is a private course and then operate as if it is a public course ... that is a recipe to run off your membership, especially those paying full freight.

---

Ranger to keep the play moving

---

My concern are ticks and therefore do not like the fescue getting longer as I don't want to go where I believe they are more prevalent.

---

I believe the fescue is a safety hazard and should be addressed. Lyme disease is a huge problem in our area and it is a major worry for me. The greens could be a more uniform speed all week (I prefer faster speeds like weekend).

---

Every cart should have full sand bottles before they go out

---

better landscape maintenance. more flowers

---

More available times to play, less events,

---

break up golf glocks, easier access to play with more players,

---

More benches. More ball markets. Golfers being courteous

---

#1 The fringes and immediate approach areas should be maintained at a much lower level, not the same as fairway. #2 The pitching area behind the range should be cut to fairway height. #3 New Range mats, One strip as many clubs have.

---

Social events

---

Expanded practice facilities

---

Ranger actually moving slow play...shortening the fescue a little...

---

Sand practice area. Tees at the range.

---

The condition of the course is key Everything else is fine

---

I would like to see new towels at each hole some of them are rags and are an embarrassment to the members and guest

---

Rangers with real enforcement powers.

---

Faster greens, faster play, more play your own ball tourneys

---

Short game practice area, broken tee receptacles on tee boxes, plusher fairways and greener approach areas

---

Assistance handling clubs and ring greeted, less cursing on the course during play and on the driving range.

---

gps in carts, refreshment cart,

More bunkers are needed, then you could reduce the fescue ( one of the primary causes of slow play ) thereby speeding up play.

Starter/ranger, pace of play, high school teams monitored by coaches

Short game practice area. Faster greens.

12th tee box back on top for women. //marking out a drop zone on 18/ Where are the woman's senior tee shots?

Less fescue...

CONSISTENT GREEN SPEED WITH SLOWEST BEING 9.5 - THIS IS THE ITEM THAT SEPARATES GOOD CLUBS FROM MEDIOCRE CLUBS NEW MATS ON THE DRIVING RANGE PLANT MORE TREES - WE CUT TOO MANY DOWN - SHRUBS REMOVED SEPARATING THE TEE BOXS FROM VARIOUS GREENS - THIS WAS A MISTAKE - IT HAS HAD NO IMPACT ON "TURF QUALITY"

Fescue thinned out and areas reduced, remove driving range mats use grass hitting area

Close cut apron in front of the greens.

Better driving range and short game facilities; wider fairways; member/guest activities

Benches for casual seating at several more holes. More ball washers on the course Less Fescue to speed up play

better repair of ball marks on greens, power rake sand traps and properly disburse sand to make it more even, fire pit and bocce courts

better golf balls at range which requires a way of protecting golfers on the 3rd. launch monitors for lessons. more availability of pro for private lessons. Switch nines back to where they were a few years ago. fewer tournaments

Not sure. It is much improved now over prior years. Keep it up! However, it would be nice if larger groups would let smaller and faster groups play through.

pace of play

Poles for blind spots are hard to see - I feel they should be neon color1

Maintain current cost of membership , Lower guest fees to encourage members to bring possible future members ,

Strengthen branding of club as a private membership club. Continue to get us away from the perception that PJCC is a muni/public facility. The name change was a more in the wrong Improve the collars around the greens. Continue to improve general conditions wherever possible. Continue

some fairways are shrinking such as #6. Go stand behind 200 yard marker. Move fairways back toward the tees. Make it fair for all golfers not just low handicap players.

it is just fine as is maybe pay more attention to the senior players

16th hole area by the road should be cleared and maintained as a second cut area for nicer aesthetics 7th hole should have cart path on left side, as well as right side cart restricted areas, as marked, should be set up closer to greens

ball washer on every hole

Benches at each hole. More courtesy on the course.

Consistent bunker conditions, grass driving range, More ball washers

Better Mats at range, Make People take carts on weekends, Make Port Jefferson residents PAY MORE

Walkers banned in th am on all days. After Walkers banned from walking in the am on all days. May thru. Oct speed of play, no reason why a round should take over 4 hours. I would say limit the ability to walk if you can not play in 4 hours. Better practice facility.

Less deer ticks in the Fescue

---

Buffer time (i.e. 15 min) before and after first and last scheduled tee times for tournaments with tee times.  
Tournament players required to take carts June 1 - Sept 30.

---

Lengthened fairways, shortened fescue, widened fairways to reduce the effect of the rough.

---

A ranger on the course, especially wWed., Fri. and the weekends. All players should be riding in carts Fri., Sat. & Sunday; from June through Sept.

---

Do not cut any more trees down . the character of the cost has ,it has lost its charm and serenity

---

much shorter fescue, there should be a maximum height, like 12(?) inches. less fescue. thinner fescue. I believe it slows down play, contains ticks, poison ivy, possible injury when trying to hit out of fescue above my knees

---

Do not allow singles out at busy times Cut fairways wider

---

A practice green for full wedge shots (100 yds) where the compost hill is and better screening for the driving range to keep practice balls from all over the course

---

The greens need to be rolled more often to improve the consistency and eliminate the dreaded lumpy Donut around the pin. The pace of play needs to be monitored and there should be a way to inform the nonexistent ranger that there is a back up that needs to be addressed. We are all tired of hearing the excuse well they are just a slow group what can I do! , or the course is a little backed up today because the morning group was a little slow. These are just a couple of excuses to name a few that I have been told. There needs to be a strong ranger presence that is not afraid to confront members and correct slow play. Hire a ranger staff that is not afraid of confrontation or angering a member's spouse. A lot of members play golf and that is just one part of their day. We are not all retired members where golf is the only thing on the agenda and would greatly appreciate some consistency in play times. Large groups should not be allowed to make back to back reservations that block out hours of tee times to allow other golfers to walk on and access to the morning hours for some members that have more trouble booking a week ahead of time. The ability to work in a single golfer needs to be greatly improved. And the most important thing on my list and many others is the improvement of pathways/walkways/steps for those numerous members that walk the course. There are holes that are very poorly set up for walkers who both carry and use pull/push carts. Some of the holes walkers are forced to either risk slipping in or damaging our golf shoes on the asphalt cart path or walking through tick infested tall grass or weeds with holes and ruts on extreme angles risking turning an ankle. I and I'm sure countless others would be overjoyed if small changes were made to make the walking experience more enjoyable and much safer for all. This ability to reach out and voice our opinions and suggestions is much appreciated and I hope the suggestions are seriously considered and much needed changes incorporated as soon as possible.

---

Less walkers. Cart on course more often. Relax code about shirts being tucked in pants. Combined tennis and golf dues pricing.

---

Better short game practice area, more member functions i.e.; bi weekly nine and dine BBQ, member guest, etc.

---

More and on the course-

---

Better walking area around the 7th hole More trash receptacles near tees.. More ball washes on tees

---

food & beverage cart better yardage marking

---

1. Better cleaning of garbage on the golf course. Too many cans and snack and packaging. 2. Improve the view to the water

---

Harder fairways, forward gold tee on 12, forward gold tee on 4

---

no cart fees more practice areas more yardage markers

---

All senior citizens should be mandated to ride in a cart. There is no way that they can keep pace up and down hills. Some type of privacy on first tee. Hedges, fence, etc. to separate putting from first tee box. Strictly enforcing the no walking rule on weekends. Many long time members do not follow.

Ranger on the course and members actually respecting their responsibilities as members of the club (ie repairing divots, knowing where to drive carts, not pressuring Bill into playing without a tee time or going off the back before you should, etc)

Ball washers on every tee. More drinking water on the course. Better practice area with sand traps.

Driving range needs work (mats are worn, fence height is not adequate along 3rd hole). Area to the right of the 3rd hole green is an eyesore and requires upgrade. Like to see rangers on the 1st 9 to monitor pace of play.

The first issue for me is the thickness of the fescue. I know that Brian has maintained that it will thin out over time and that it's existence is at least partially a maintenance budget issue. But balls hit into it result in a buffalo hunt. THAT kills your place of play. I would also like to see a little more consistency in green speeds and sand in the bunkers. Overall, I think the club is a good value and experience.

ranger from 7am-1pm.,

Stop players from taking balls from holes with putters. Enforce rakes being left in the bunkers

less stringent dress policy when just using the driving range

1-Driving Range mats 2- range balls 3-improved locker rooms amenities-willing to pay assessment

Social activities Ladies weekend league Social couples outings

Chipping and bunker practice areas.

Carts only from about eight am to twelve pm no walkers. Make a path to climb up to seventeenth hole from the rear bunker. Create a path to go down to the seventh hole.

Green tees-6000 yds., spray for tick control, lower guest fee

Better practice area Allowing a certain number of free guest passes for members to bring people

Rangers must be given the authority AND backing to address slow play Ave have groups move up a hole if deemed necessary. Rules seminars. I went to one at a different club conducted by the metropolitan golf . New members should attend one of several mandatory orientation meeting.

Faster play,

lower guest fees.

Great as it is. Always feel valued as a person as well as member!

More accessible morning times for guests, less player traffic, better practice area

1. Continued emphasis on course improvements 2. Expanded/improved practice area 3. Better range balls

Fescue in present areas need filling in(more dense) ; Divot sand receptacles maintained with FRESH material when necessary ; More seating area at the turn

A better score !

Improved Driving Range!! Short game practice area. Pick up garbage and clean areas around new maintenance buildings.

Solve the tick problem. Get rid of high grass to help the tick problem. Area for elec. remote carts should be expanded and improved.

lowering the fescue, members at the tee 5 minutes prior to their tee time and general member behavior i.e. fixing ball marks, repairing divots, etiquette....

Have more golf and social outings for members such as nine and dine and weekend golf and dinner

Look at reducing the membership fee. Create opportunities for young people to caddy. Keep pro shop open until last tee time.

would like to play the back nine more often.

A Real Ranger on the course that can politely move groups along. Should not take more than 3hrs 50 mins to 4 hrs to play a round of golf at PJCC Walkers should not be able to walk between 8-12 o'clock 7 days a week New soft mats on driving range.

Practice area still need improvement. more benches for walkers would be helpful. turf bags for walkers will improve the course to repair divots.

I'm happy

1) Keeping the traps raked 2) Grass area on driving range as opposed to mats 3)

1. I think the conditions in between holes (ie dirt patches, piles of dirt, etc) is unappealing and the bunkers need some TLC and new sand. 2. Driving Range-New mats on the driving range and better grass development in front of the mats so we can also practice on grass. 3. Faster play...a Ranger would be great. With so many retired residents, I am sure that you can hire a handful that would volunteer or do it for a slight discount in their membership.

We need to increase membership fees in order to pay the grounds crew more. The turnover in that staff is too big and paying more would allow us to keep them.

1) Anyone who plays from the forward tees must use a golf cart (red and gold) 2) A ball washer at every hole 3) Improved basic courtesy of the long time members to newer members and guests

No walking before 2PM everyday, New mats and balls on practice tee, repair ball marks and rake sand traps.

Regularly seeing the greens at 9.5 or better. Improved range mats (Long strip of artificial turf would be much nicer) Improved condition of the fairways.

Not allowing so many golfers to go off the back 9. I enjoy playing early and feel I should not have to wait because another group came later and went off the back.

Speed of play. Some walkers cannot keep pace, some kids take too much time, some people even with carts are just slow. Golf is losing people when it takes 5 hours for a round.

fewer fescue areas due to tick infestation.

ranger on course monitoring pace, better practice facilities, ability to walk summer weekends.

Pace of play, water on course, hitting it straight

shorter grass in the green surrounds

Practice range. Improvements. Mats, balls, sand

Faster play

Remove green stakes

I am very happy the way the course is being run

starter should decide whether to send groups to hole 1 or 10.

Add combination white/yellow tee that totals 5900 yards. The spread of 5400 to 6300 yards is way to much. I've never seen such a spread at any course.

Re handicap the holes. Charge walkers a nominal fee which could offset dues increases. Enforce dress code.

Starter, ranger driving around enforcing pace of play and better landscape and course maintenance including more flowers

Golf carts are too expensive. For a specific amount of times used you should be given a free round.

Clean the golf carts thoroughly and regularly

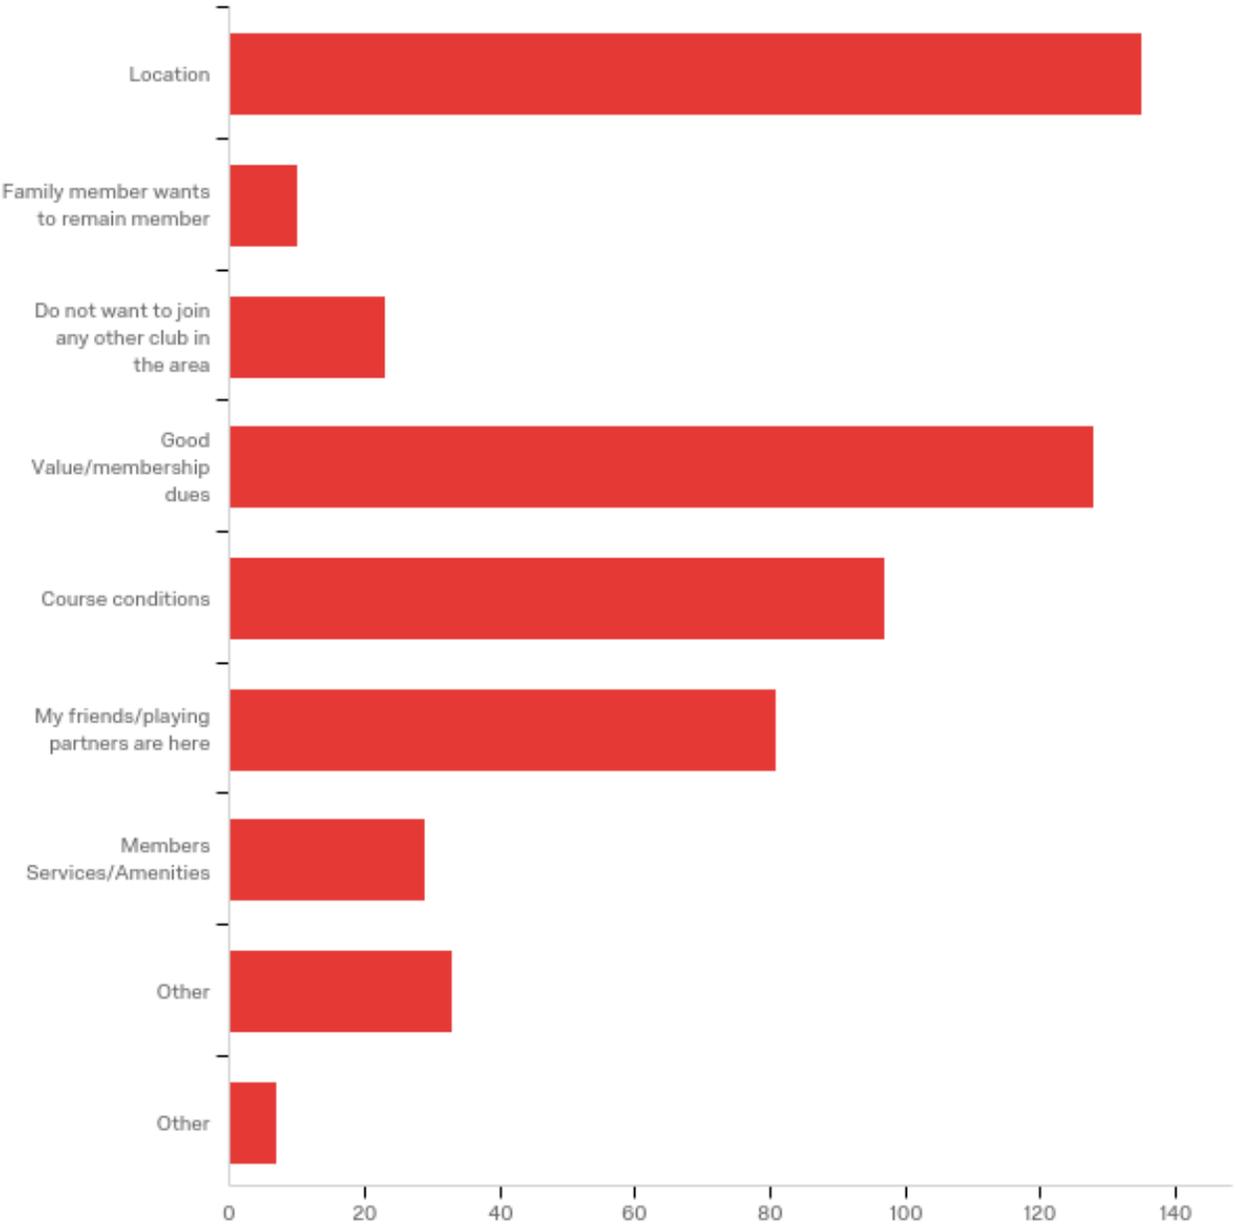

---

Ball wash area terrible. The water is sometimes green and the towels have holes in them

---

Better short game practice area; improved access to members deck @Lombardis with lighter menu; better parking;

**Q10 - What are the most important reason(s) for remaining as a member of Port Jefferson Country Club? (select as many as appropriate)**

#	Answer	%	Count
1	Location	24.86%	135
2	Family member wants to remain member	1.84%	10
3	Do not want to join any other club in the area	4.24%	23
4	Good Value/membership dues	23.57%	128

5	Course conditions	17.86%	97
6	My friends/playing partners are here	14.92%	81
9	Members Services/Amenities	5.34%	29
7	Other	6.08%	33
8	Other	1.29%	7
	Total	100%	543

## Other

### Other

Great improvements at The Turn

you guys do a great job all around! Very professional service and a bargain.

see above1

PGA Profesional

It's an extrodinary. Course designed to the natural terrain!!

What a view!11

Great course

Great track

Bill maintains a well run pro shop, an attentative staff, knowledgable golf instruction, and a robust golf tournament program. These are very important components to any successful golf course, and is the primary reason i remain a member at PJCC.

Convenience

Head pro

Our pro Bill who is the best!!55

Bill Macedon

Bill Mackedon11

MOST IMPT. REASON IS TO PLAY GOLF LOCALLY

friendly staff

Fanrtastic golf course, Brian deserves a RAISE!

Pace of play.

Tennis too

Will Only accept one answer. So; Good value and my friends.

---

above questions can only answer one

---

Location we bought our house here because of course, course conditions are great

---

All of the above

---

(Would only allow one Choice-1,4,5,6,7,3

---

It is an integral experience in living in my village

---

Because it's an amazing public municipal amenity.

---

It only allows one chose. the 4th,5th and 6th categories are my reasons.

---

I like the overall vibe of the club. From the Pro to the Pro shop staff to the relaxed friendly feel. I was a member of St George and although PJ cannot compete with finely manicured nature of St G's (I get it, it is a function of dues) especially in between holes and the bunkers, the people and culture at PJ are much more down to earth and enjoyable.

---

membership in WMGA

---

All of the above1

---

all of the above

---

Good value, good conditions, good friends

---

Other

---

Other

---

Friendly helpful staff

---

Exceptional diversity hole after hole

---

Able to walk

---

More low handicap golfers at PJCC than at other local courses.

---

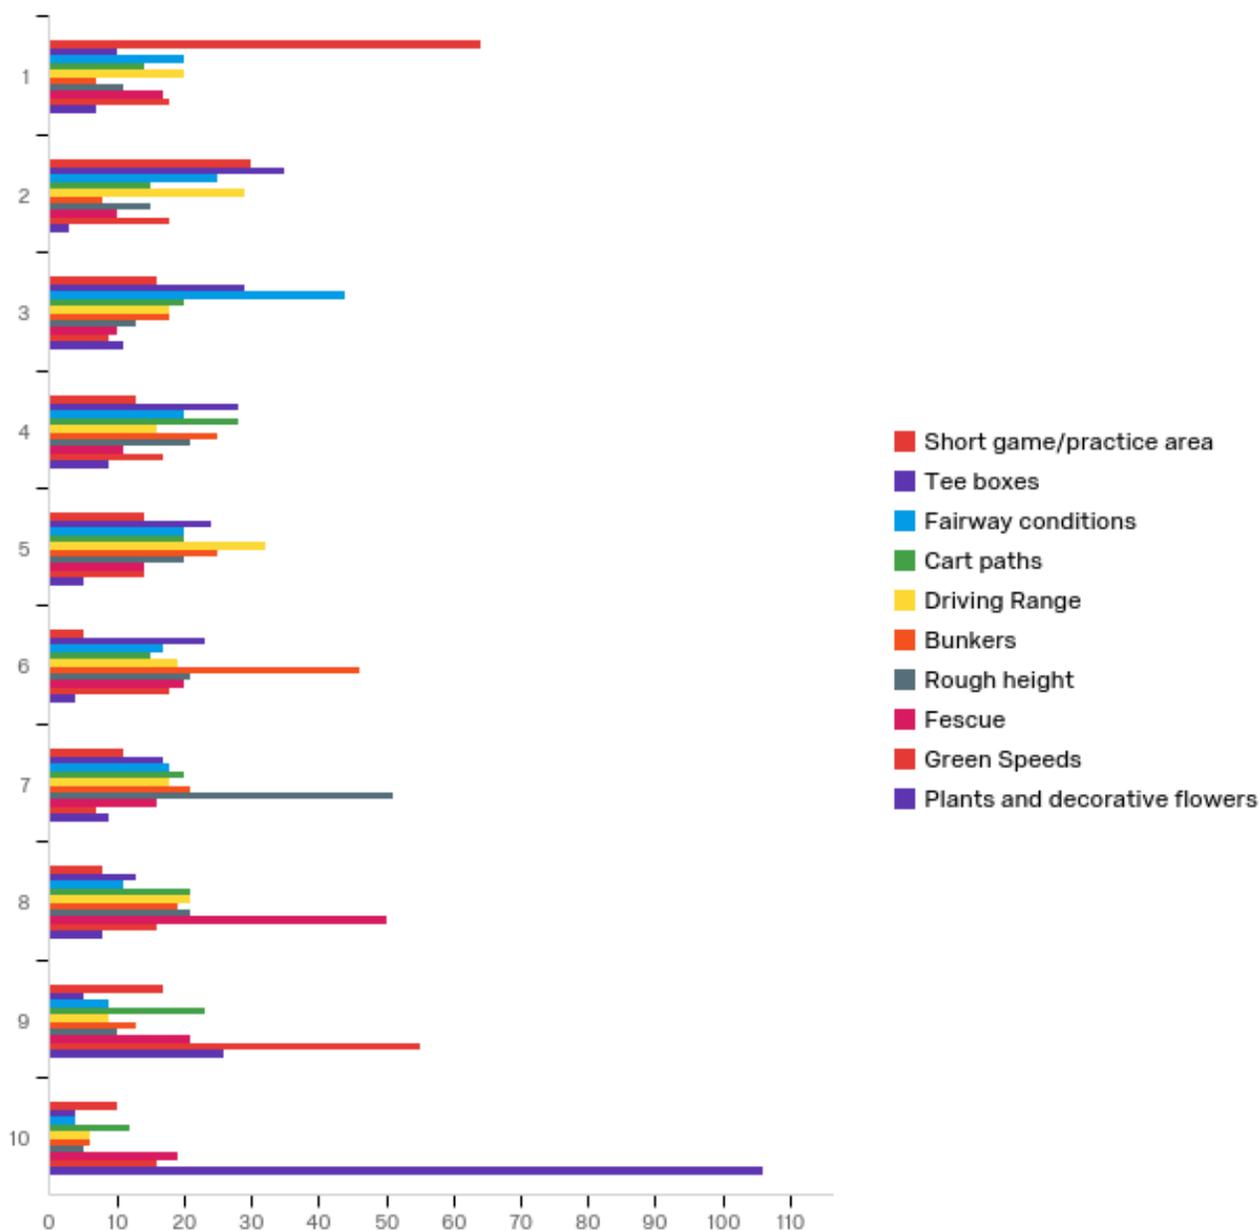

Great membership, need to attract more young golfers

---

Conditions for walking golfers.

---

**Q11 - Please prioritize (rank order 1 to 10 with 1 being most important) which course conditions you feel need improvement**

#	Question	1	2	3	4	5	6	7	8	9	10										
1	Short game/practice area	34.04%	6.4%	15.96%	3.0%	8.51%	1.6%	6.91%	1.3%	7.45%	1.4%	2.66%	5.5%	5.85%	1.1%	4.26%	8.8%	9.04%	1.7%	5.32%	1.0%
2	Tee boxes	5.32%	1.0%	18.62%	3.5%	15.43%	2.9%	14.89%	2.8%	12.77%	2.4%	12.23%	2.3%	9.04%	1.7%	6.91%	1.3%	2.66%	5.5%	2.13%	4.4%

## Q12 - What suggestions could you share for attracting new members to the club?

What suggestions could you share for attracting new members to the club?

1) Have a first year introductory proce for non residents (one time only); 2) Have a ten round inclduing cart for \$500 introductory rate for first time resident sign up as a new member (one time only) Must advertise to all residents (ie need tax bills mailing list)

Improved the things mentioned

Cost

Get rid of Mackedon.

Some courses are charging a reduced fee to younger members ie 20-29 to get them involved in golf earlier in their careers.

Possibly have a "Bring a Guest Day" at a reduced rate a couple of times a season...???

n

More social events. I know people who have left to go to other clubs because of this.

reduce guest fees as way to introduce new players to this gem of a course.

Keep the young adult membership to bring in younger members

make it more like a club and less like a munn, the Turn is a good start

That the course will continue to challange

Lower non res fees

Locker room?

More mixers for non golfers whose partners are golfers , keep membership affordable , Friday night dinner ( turn open late) make it more like a country club( more social) 4th of July Bar b que etc. clam , lobster bake etc

Lower the membership fee for non-resident players

Tough location to get to. Even me at work

Let Members bring guests for a flat fee of \$60 3 times during the season

Cart fees should be included in Golf fees

Incentives for couples or friends joining together, like 2week free pass / lesson packages

Build a pool near the tennis courts. Membership overall would EXPLODE. Young families in the town want this to happen very badly.

More advertising??

delayed payment plans-over course of season.

One time \$1000 discount for signing new members, locker room facilities, improved practice facilities inc balls.

relax some of your rules

Buy back the club house. Become a country club not a golf course with a catering hall on it

---

Discount to referring member

---

Conditions of course, your main product are key

---

Advertising.....golf results published in local paper

---

Continue to improve course conditions, green speeds in particular

---

Family plan breaks, more member guests functions, more member functions period

---

Continued social events, nice lockers for golfers.

---

Member and guest for the price of a cart fees

---

more 'country club' atmosphere - lombardis is just a restaurant on our site

---

Less fescue will speed up play

---

CAP MEMBERSHIP AT 500 - WORK HARD CONTROLLING COSTS TO KEEP THE DUES DOWN

---

Addressing the issues above would be a great start to attracting members.

---

couples events, more social activities, more advertising to village residents

---

note items 1 and 2 above are the only ones I care about. you have designed your questionnaire so that is not a possible response

---

Not sure. Perhaps encourage more outings so more non-members experience the course.

---

offer specials for course & free small meal in grill room

---

Cheaper guest fees ,

---

Strong membership committee!! Member are the #1 source for new members. That's what other private clubs work on to attract new members. We don't even have a membership committee right now.

---

current members need to ask friends/family.

---

Professional Venue, Well maintained, Knowledge of staff

---

Lower fees, all around, especially cart fees

---

There are enough members

---

cost..conditions ..keep greens fast

---

First year introductory rate to induce new members. Reduced rate for members under a certain age.

---

All of golf is on the decline, I think maintaining an enjoyable course, great pro shop staff with reasonable dues along with amenities like the Turn will start to attract new members.

---

Complimentary round of golf with a member of the CCMAC. Reach out to local businesses with offer. Businesses within a 10 mile radius should be included.

---

Advertise

---

More social events

---

Great greens with consistent speeds that roll fast and true like other Country Clubs. Attractive and well thought out amenities or walking golfers

Entry level abbreviated membership. Maybe only for first season. Promotes familiarity and value perception since the experience is going to be even better than at present.

Membership participation functions, improving some previously mentioned improvements

Bring your none member guest for free the first time

place a bounty on bringing in new members lower dues following year

more social events

N/a

Special Beach access for members, maybe a pool option

Lower fees

Lower fees

There are geographical challenges. Having said that, more and more daily fee courses are closing in the area. Perhaps some targeted advertising (i.e.Google)and more use of social media. We have a nice facility which is still a ridiculous bargain for residents.

do not raise fee.

More advertising

A pool, social activities

More reasonable membership fees.

AMore reasonable cost to bring a guest so that they will see for themselves how beautiful this course is.

Lower guest fees, Hold annual Father/Son(daughter, granddaughter,grandson)Tournament

Partnering up with another club and having dual memberships

Target a demographic or two and concentrate on them. Keep former members on email list. Low percentage of male members spouses play. Have a program for mothers, they primarily bring the kids, trial membership NOT for free maybe 2 weeks in the fall.

Reduce the guest fee

Pace of play

offer special introductory rates to those renting the new apartments in the village. Allow visitors staying at the local hotels and B&Bs to play a round of golf at Port Jeff cc, Advertise on The ferry and offer play times to travelers between Port Jeff and Bridgeport..

More free play

More options for membership classes

Not sure however, I am a new member this year so that's a plus!

Control expenses; continue the QualityAtmosphere our golf pro has brought to us

Value and convenience

Once a month reduced fees for guests(after noon.)driving range open to residents and guests after noon

The club should have a social component in order to attract new members

Various type of memberships

---

Create youth programs; host 2-3 open house activities every season.

---

lower guest greens fees

---

Charge guests a flat \$60 to play. It will encourage members to bring guests more often and maybe some will join and it's additional revenue to the club.

---

advertising, most golfers do not know about Port Jeff. Also invite interested golfers them to play with a member

---

Lower prices and guest fees

---

I would not want more members, pace is very slow as it is with the current membership.

---

Golf carts required, upgrade practice range mats and balls,

---

The best way to get new members is through word of mouth. If you keep the course in great condition people will be more likely to recruit others to come.

---

Lower nonresident feesto match area courses stop acting as ig this is only place to play we need membership we lose to many members each year

---

Whenever there is an outing, there should be visible marketing materials about membership. Having all those golfers play our course, we should share membership information with them.

---

A guaranteed speed of play.

---

discounted multi round guest passes (when playing with a member)

---

snowbird rate

---

better short game practice area

---

Lower rates

---

Open memberships

---

Offer a special for people under 40

---

lower the guest fees

---

More membership options

---

All membership fees should be the same. Should not be punished for living outside of Port Jefferson.

---

Expanded pj resident family days/evenings- 9 hole/ 6 hole fun tournaments; ask Belle Terrence residents what changes would attract them to join

---

Solicit new people in new apartments

### Q13 - Are there any other issues/items not addressed in this survey that you would like to share with the CCMAC at this time?

Are there any other issues/items not addressed in this survey that you would...

---

The Turn is wonderful. Physical space is great, staff is friendly and efficient.

---

Find a way to address revenue short fall that is shared by all members and not only those who ride carts You cannot continually try raising cart fees and have walkers not sharing in contributing their fair share. (ex extend mandatory carts to Sundays in July and August) CCMAC should be asking what type of amenities people may be willing to agree to an increase in membership dues (ex pool, picnic area, larger grill room deck, awning over deck, second floor added to pro shop, etc). Fescue on some holes needs to be cut further back from fairways and rough, landing areas for errant shots makes it difficult to find balls and can slow play considerably.

---

No

---

A net along the side of the driving range to keep balls off the first hole would be nice... but I believe they are VERY expensive

---

Perhaps offer 9,13,or 18 hole Play,

---

I think a ice / water machine located on the course by the bathrooms would be a great addition.

---

No, Love it here

---

Get rid of the CART BEFORE 6 rule. It is predatory and discriminatory.

---

The head greens keeper makes changes and decisions that should be agreed upon by members or a committee!!

---

Jr programs and opportunities are great. Caution with raising non resident rates. It can get close to other private clubs which have more "club" offerings.

---

Alignment of tee boxes with the fairway

---

Belle Terre residents and children are still over chargedw

---

Reduce the time for the extended weekend members to 1-1:30 from 3 pm

---

We really need a clearly marked recycle bins on the course and at the entrance.

---

Shop staff and haft way house are great. Great to see junior programs at Port. Complete some projects like the bunkering on the right of old #4

---

ccmac is made up of too many members from the same playing group

---

Sell seasonal tee times at a high price. Eg 8am every Tuesday door 5 thousand dollars.

---

Pro and greens superintendent along with their staffs are doing a great job remember this place 5-6 years ago Club is 500 per cent better

---

Member and member guest functions, make a one, three and five year plan for better mamber experience and facility improvements

---

the afternoons when the high school teams play taking up the entire range and playing slow.

---

Recycle bins/ / renaming the club without a membership vote/stop clearing understory from areas not in play so severely// ugly pimple bumps - those small hills of dirt look ridiculous //removed too many sand traps

---

WHERE DOES OUR DUES \$\$ GO - OR HOW IS IT SPENT? HOW DOES A MEMBER GET ON THE CCMAC AND WHAT ARE

## ITS RESPONSIBILITIES/POWERS?

Minor, but I would like to see better on course yardage markers such as barber poles at 100 / 150 / 200. Might speed play too.

I would like to be able to use driving range Monday evening. I want the outdoor equivalent of GolfTec

The turn seems a little overpriced and could use more specials to keep members from going to Lombardis

no

Consider discounts on carts for seniors and hadicapped golfers

I love this course both Bill and Bryan are doing a great job

Wearing shirts out should be prohibited

Would like the landscaping on another day besides tuesday. New tee box on hole 11 for the women

Question 11 is misleading. In my opinion tee boxes, cart path, fairway and rough height are all fine and just need to continue to be maintained. Green speed will always change but seem to be getting better every year. So I feel the driving range and practice area would be items that are weak now and improvements should be made depending on budgets.

Fescue too close to landing areas and greens. And too severe. Affects pace of play and enjoyment of course.

Emphasize that a four hour round of golf is expected for a foursome. If you are a 2-some, or 3-some, it's less. Also, remind players that there is a USGA rule about letting players through if you have an open hole in front of you.

More member input. Too many Thursday tournaments

no

No

Please address the very poor conditions currently present for members that walk the course every day.

No

Continue the work at the "turn" , if new practice area being built then maybe increasing the "turn" area.

Offer some afternoon tee times to non-members to increase revenue and reduce membership rates.

Offer a flat guest green fee plan to members that like to bring business clients etc. the previous club I belonged to allow you to bring 7 guest as many items as you wanted if you paid \$1000. Cart fees still applied.

just would like to see more yardage markers on the course

Members need better communication and updates from the CCMAC on what is happening. Members have no idea of financial issues and/or how and why decisions are made.

Should introduce a tree planting program.

I haven't been over to the new locker room area. But I do feel that for someone who wants to entertain guests, an adequate locker room facility is critical.

question 11 can not be answered

less restriction on having multiple guess for early play

Make fareway longer and ruff shorter from red tee boxes so short hitters can clear the ruff. Or make tee boxes for Black tees for women. There are no provision for ladies forward tees equivalent of men's Gold Tees

No

Members do NOT rake traps properly, or fix ball marks - this should be addressed by the Starter on the first tee

Bringing guests for free- a certain number of free passes for members to bring people

Fairways are getting more narrow. Stand behind #6 at 200 yards and look left and right. Fairways start farther out then many not ready for the gold tees yet. I understand it allows for less help but starts to look shoddy.

Having outings on the weekends

Changing the name of the golf course should be put upm foe a village vote. The CC is an asset to those that own homes in the village and the proposed name change does not increase that value

No

Keep on truckin ! And remember Rome was not built in a day

The young ladies in the pro shop should dress more appropriately.

Hard to feel ownership when only five or six people are running the show.

no

The modified category allows a weekday member to play after 3 PM. This should be reduced to 1-1:30 PM even if you charge an extra \$200 a year

I think the committees has done a great job. Our pro staff is outstanding. The upgrade of the restaurant was a huge success.Our course in in great condition and I think taking out the fescue last year was a great mistake

All set. Thanks for asking.

This form would not allow me to indicate that I strongly agree with options 1) capital expendature 2) shorten hole in addition to strongly agreeing with the need for short game practice hole.

No Cell phones on course, Vanity handicaps, looking for your ball for longer than 4-5 min slows play

Just to reiterate what has already been stated. Focus on greens first and fairways second. That's it

Overall each yearr since hiring Bill Mackedon amd Brian Macmoleon this club has proceded in a positibe direction.

The driving range matts and tees are in poor condition. Also some new practice balls would be nice.

No

I have owned a home in PJ for 40 years however because my mother in law resides there and not I, I can not partake in the PJ discounted membership rate. At age 91 mom doesn't utilize any of the PJ recreational facilities. I pay the taxes but get no benefit.

No

Don't rename the course

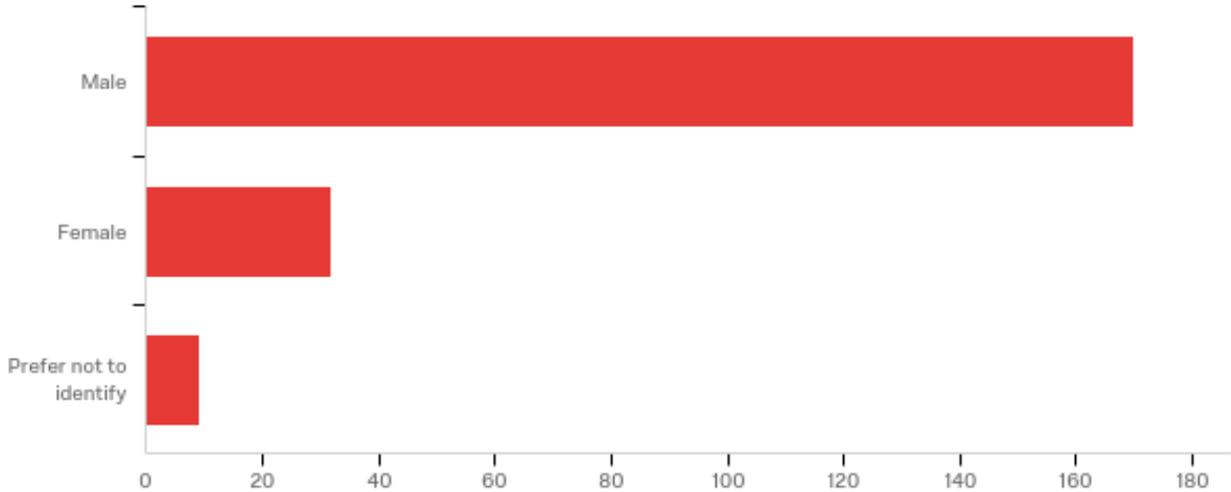

No

MEMBERS MUST REPLACE DIVOTS AND RAKE TRAPS

None

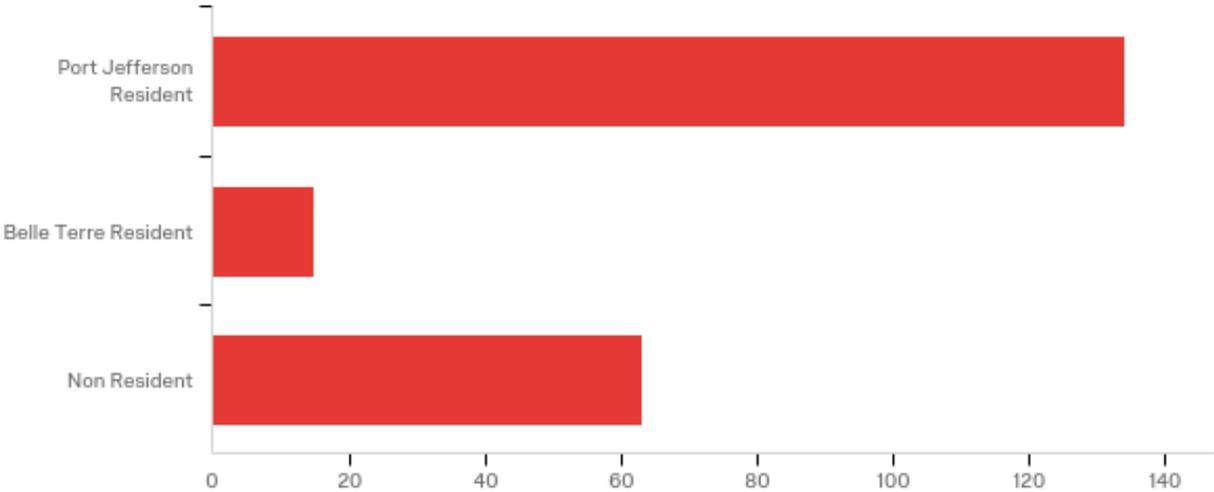

Carts should be mandatory on the weekend

# Q14 - Gender

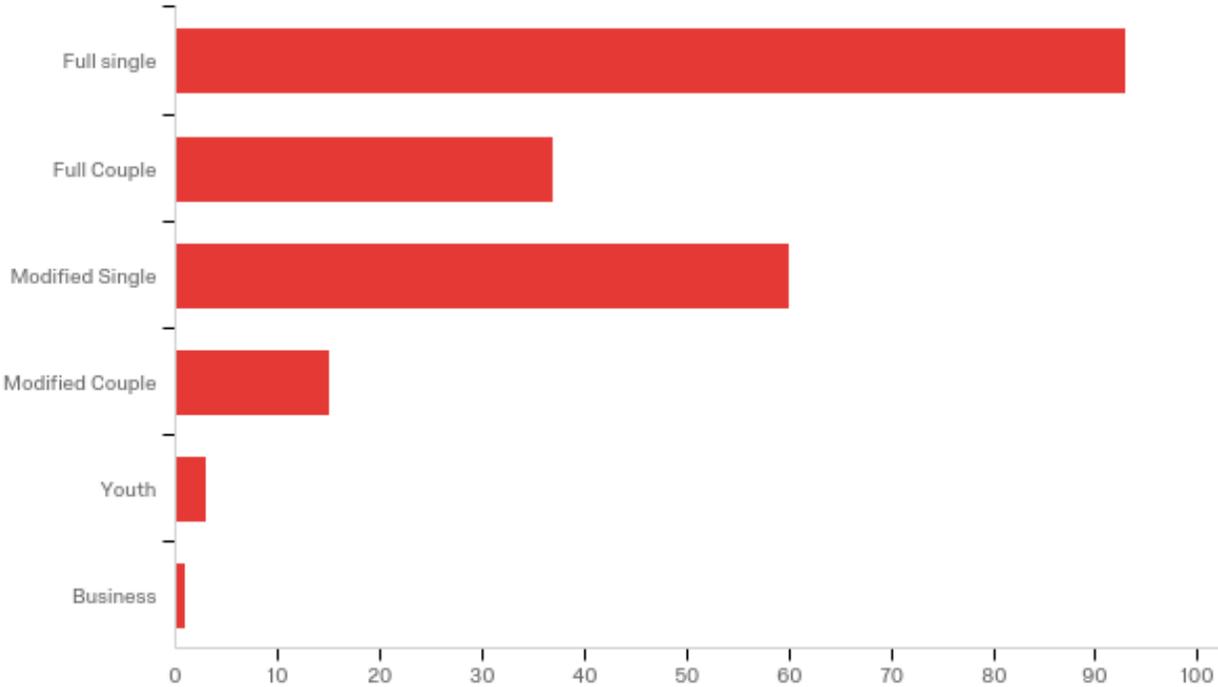

#	Answer	%	Count
