

Designed for juniors 7-12 that have taken years of lessons and/or have played extensive amounts of golf. During the lessons, Assistant Golf Professional, Jake Anderson, will go over the fundamentals of the game including grip, posture, alignment and go in depth on chipping, putting and full swing. We will also cover things like course management, etiquette and rules and get them on the golf course. This program is created to bring your child's game to the next level. We will go on the course every day possible.
